## Dün ne idin, Nereden Göçtün? \*

### From Past, Migration Results\*

*M Arif AKŞİT\*\**

*\*Dün göç ettiğimizin dayanak ve gerekçeleri hatırlayalım.*

*\*\* Prof. Dr. Çocuk Sağlığı ve Hastalıkları, Neonatoloji Bilim Dalı, Pediatri Genetik*

*Hepimizin bir geçmişi vardır. Olumludan ders almak, olumsuzlardan da ibret alarak, kaçınmak, korunmak, kısaca ondan da ders alınmalıdır.*

*Kendi kendine iç hesaplaşma bu açıdan önemlidir. Neyin hesabını yapacağımız önemlidir.*

*Hesaplama ve değerlendirme, somut olmuş, ölçülebilir olan için geçerlidir. Bunun anlamı da geçmiş olmasıdır. Bu dondurmadan memnun kaldın mı? 1-10 arasında tercih yap, bir kalmadım, 10 çok memnun kaldım puanıdır. Neden ve niçin memnun kaldın veya kalmadın boyutunu da eklersen sana ekstra puan verilecektir.*

**S** evgi, insanlık istemek değil, sen ne yaptım, ve bu yaptıkların ne kadar tatmin etti, seni mutlu kıldı sorgudur.

Bu açıdan normalde bir eşle yapılır, 1-10 puan verilir ve mutluluk ölçeği saptanmak istenir. Acaba biz kendimize kaç puan veririz? Gerekten yaşadım, yaşamını doldurdun mu?

Kendimize puanlama yapmayın, sübjektif olur denirse de benim için kim yapacaktır, bana bu olmaz ise, ne anlamı olur diye düşünürüm. Ben dondurmayı yiyen kişiyim, o halde ben kendim kendimi irdelemem gerekir. Laktoz intoleransı olduğu için, süt ve süt ürünleri yiyemiyorum, birisine önerdim, yoğurttan yapmış, çok tercih edildiğini ifade ettiler, ama ben henüz tadamadım. Özellikle az miktarı sindirebilen kişiler, daha fazla yerse, benim gibi bir oturuşta yarım, 1 kilo yemesinler, onlarda sindirim sorunu oluşur. Hemen 5-6 dakikada oluşup, 9 defa tuvalette gidip yenilenleri boşaltmaktadır. Kolera tipi, su kaybedici yapıda olmaktadır.

Çocuklara sür verdiler, bazılarında ishal oldu, süt bozuk denildi, kapalı UHT sütü dikkate alınmadı, çocuklarda laktoz intoleransı düşünülmedi. Bunun gibi irdeleme hatalı değil, gerçek ve bilimsel olmalıdır.

Buradaki amaç, dün ne idin ne gibi özelliklere sahip oldun, bugün bunları ilerletmek ve geliştirmek için ne planlıyorsun? Aynı zamanda zararlı olanlardan nasıl kaçınıyorsun, kendini

zorla değil, severek nasıl engelliyorsun? Örneğin tatlıdan sadece tadımlık alıp, yetiniyor musun?

Bir irdeleme yapmak bu Makaledeki amaçtır.

## Giriş

İnsana benzeyen Homo erectus, Neandertal olduğu milyon yıllar önce yaşadıkları, son dönemde de insanlarla birliktelik olduğu düşünülmektedir.

130-200 bin yıl önce ilk genetik açıdan saptanan Homo sapiens, sapiens, gözlenmiş ve genetik açıdan göçler ile tüm Evrene dağılmış ama aynı karakteri taşımışlardır.

İnsanların gelişim boyutu işlevsel olarak ele alınmadı ile kültürel etkileşim boyutları da grup, toplumlar olarak ele alınmasını da gerekli kılmaktadır.

Dilleri ve toplumsal yapıları da benzer kökenlerden gelmektedir. Farklılık, bir biyolojik değişimdir.

### End of ancient history in Europe

The date used as the end of the ancient era is arbitrary. The transition period from Classical Antiquity to the [Early Middle Ages](#) is known as [Late Antiquity](#). Late Antiquity is a periodization used by historians to describe the transitional centuries from Classical Antiquity to the Middle Ages, in both mainland Europe and the Mediterranean world: generally from the end of the Roman Empire's Crisis of the Third Century (c. ACE 284) to the Islamic conquests and the re-organization of the [Byzantine Empire](#) under [Heraclius](#). The [Early Middle Ages](#) are a period in the history of [Europe](#) following the fall of the [Western Roman Empire](#) spanning roughly five centuries from CE 500 to 1000. Not all historians agree on the ending dates of ancient history, which frequently falls somewhere in the 5th, 6th, or 7th century. [Western](#) scholars usually date the end of ancient history with the [fall of the Western Roman Empire](#) in CE 476, the death of the emperor [Justinian I](#) in CE 565, or the [coming of Islam](#) in CE 632 as the end of [classical antiquity](#).

Bu Makale tarihi olaylar sunulmaktadır. Bu olayların anlamsal verilerin sunulması olmadığı için, sadece metin sunulmaktadır.

Tarih geçmiş olarak, şimdiki var olanların boyutu öne çıkarılmalıdır.

İstanbul'un feth edilmesi, işgal edilmesi değildir. Bu 622 Medine Anayasal yapısına uygun yapılmıştır. İki yıl kadar bir süre, tüm yönetim değiştirilmemiştir. Bu açıdan konu İstanbul'un Bizans yapısında dönüşmesi olarak da değerlendiren vardır. İstanbul alınmamış, Türkler değişime uğramıştır denilmiştir.

Olayları sunmak değil, bunun sosyal ve kültürel etkileşimleri ile birlikte irdelemek yerinde olacaktır. İstiklal Savaşı bir galibiyet olan mücadele ötesinde, yeni bir Cumhuriyet yaratılması ve Dünyaya bir örnek oluşturmasıdır. Yeni bir devlet değil, bunun ötesinde yeni bir yapılanma, yeni bir yaklaşım oluşmuştur. Uygulanan ekonomik model, klasik devlet ve özel sektör değil, karma ekonomi ile gelişimdir. Sermaye ötesi bir yaklaşımdır.

## Yorum

1894 yılında yine katliamdan söz edilmektedir.

Osmanlı yaklaşımı fetih usulünde olmaktadır. Geldikleri yerdeki halka dokunmazlar, onları kendi yerlerinde olmasına söz etmez, farklı yerlerde yerleşirlerdi.

Başka ülkelerin yaptıklarının bizde de olması gerektiği algısı yaratılmaya çalışılmakta, bunlar Ansiklopedik bilgi olarak, sanki doğru gibi yansıtılmaktadır. Üzücüdür.

Olay bir isyan edeninin kendi topraklarında başla yere zorunlu göç ettirilmesidir. Resmi kayıtlara göre 30, 000 kişi, o zamandaki İspanyol Gribi nedeni ile ölmüştür. İstanbul ve diğer yerlerdeki göç olmamıştır. Malta'da İngilizler yargılamış ve soykırım yok denilmiş, 2007 de İnsan Hakları ve 2011 yine İnsan Hakları Mahkemesinde soykırım yok, deliller propagandaya dayalı, gerçek değil denilmiştir. Burada alınması, tarihsel verilerin tahrip edilmesine bir örnektir. Zamanımızda bulunan Ermeniler, eğer öldürülmüş ise, nereden gelmişlerdir? Öldürme değil, başka ülkelere göç edenlerde ölenler içine alınmıştır.

## Yorum

Batı bakış açısından ele alındığı gözlenmektedir.

Ermenilerin 1 milyon kişinin katledildiği yalanı sunulmaktadır. Bu iddia bile olmayan propagandayı tarih ve veri olarak verilmesi ile bu konuda yorum yapmak hatalı olacaktır. Bu

tarihte İstanbul gibi sürgüne gönderilmeyen oldukça kalabalık Ermeni nüfus vardır ve bunlar dahil toplam varlıkları 600bin civarındadır. Bu tarihte Rusya ile iş birliği içinde, bağımsızlık istemeleri ve Van gibi bazı illeri toptan yaktıkları, halen olduğu gibi durmaktadır, bu nedenle zorunlu göçe gönderilmiş, bir ülkenin diğer yerine iletilmişlerdir. Halen eski yerleri durmakta, yerleşim yapılmamıştır. İspanyol salgını olması ile, 30bin kişi öldüğü kayıtlardadır. Yinelenmiş olsa da tekrar vurgulamakta yara vardır. Bu durum 1922 Malta İngiliz Mahkemesinde yargılanmış, soykırım yok diyerek beraat edilmiştir. 2007-2009 Avrupa İnsan Hakları ve son 2011 Soykırım bir yalandır demenin gereceği söylemek olduğu mahkemece kayıt altına alınmıştır. Propaganda değil, gelecek verileri açmaları istenmekte, bu da onların soykırım yaptıklarını ortaya koyacağı için kaçınılmazdır. İkinci Dünya Savaşında Amerika kendisindeki Japon halkı Teksas'ta bir kampta toplamıştır. Risk olmamasına karşın, olası risk ile Osmanlı'ya atıfta bulunularak yapılmıştır.

Bu nedenle diğer veriler üstünde durulmayacaktır.

Batılı bakış açısı gösterilmektedir: NATO komutanlığı alması, Avrupa Birliği bütünleşme çalışmaları (halen devam ediyor, girmeme daha ağır basmakta), İzmir NATO merkezi oluyor, Bunların yanında partilerin yolsuzluğu gibi konulara girmekte, mahkeme kararları değil, muhalefetin ispatsız iddiaları ele alınmaktadır. Covid-19 konusunda en önemli tedbir alan, aşı üreten ülke olduğu not edilmemektedir. Veri kanıtı dayalı olmalı, bir olan olayın yorumlanması da bilimsel olmalı, propaganda taşımamalıdır. Ülkenin kalkınması ve ihracatın katlanması gibi faktörlerden söz edilmemektedir.

## GENEL YORUM

Tüm medeniyetlerin olduğu bir alandır.  
Yabancıların bakış açısı nedeniyle tüm konular irdelenmeyecektir.  
Sahip olduklarımız ile gurur duymalıyız.

## Sonuç

Geçmiş, olumlu veya olumsuz olsa da bize bir derstir. Olumlu olanlar örnek alınır, olumsuz olanlar ise ibret alınarak, kaçınılır, yapılmaz.

Bu açıdan geçmiş, geçmiş, bize bir pişmanlık veya keşke demenin anlamı yoktur.

Baştan eğer planlanmamış ve düşünerek, irdeleyerek karar oluşmamış ise, temelde yaşamı değiştirmelidir. Bu şekilde bir yaklaşım olamaz. Hayatta tesadüfler olur, ama kendimiz açısından olamaz.

Evlilikte bile istediğiniz kadar bir hesaplama yapın, ama birlikte yaşamadıktan sonra belli olamaz, bu açıdan birbirinizi kırmak değil, olmuyorsa baştan ayrılmak gerekir.

Hiçbir kimsenin kimseye kızmaması, sert davranması gerek yok, anlamsızdır. Zaten şiddet temelde kendine yapmak istediğinizi ona yansıtmadır.

Bizi var eden geçmişimiz olacağını algılayarak, bugün buna göre yaşamalıyız.
